Topic: Our holiday!

Freeze TPR*

TPR* – Total Physical Response

Игры «Freeze» можно использовать при работе над лексикой при изучении глаголов движения, когда нужно переключиться в режим TPR, например, в начале урока по теме «Our holiday!» в качестве разминки - warmer.

Здесь используются глаголы уже известные детям (*wash your face, brush your teeth, shampoo, brush your hair, drink, eat, put on sun cream, jump, play volleyball, play football, play basketball*) и несколько новых глаголов (*pack your suitcase, swim, take photos, waterski, windsurf*).

Instructions

Freeze

Ask children to stand at their desks.

Give a series of instructions, e.g. *jump, drink, eat*, etc. Children mime the actions.

When you say *Freeze!* the children must stop what they are doing and stand still.

The children who are slowest to stop are out and have to sit down.

Continue the game until there is one winner left standing or a group of winners if you prefer.

Game actions

pack your suitcase – mime packing a suitcase

put on sun cream – mime putting sun cream on your face

shampoo – mime washing your hair or put your hands on your head if children's hair is covered
