Topic: Future Jobs.

Warm up

T.: Look at the pictures a-c and the job titles 1-4 in the text. Which of the jobs looks most interesting? Why?

Reading Task

T.: Read the adverts. Which job would you like to do? Why?

GLOBAL JOB OPPORTUNITIES

a

1 HOLOGRAM TECHNICIAN

Holomeeting Ltd is a software ¹company specialising in holograms for virtual business meetings. We are looking for highly-motivated graduates with ²experience in the area of holographic business meetings. You will need to come up with ideas for improving hologram quality and to keep up with all the latest developments in the ³field. You will work in our international ⁴team and must be able to get on with people from different **backgrounds** and cultures. Fluent English and Chinese are essential. Salary and conditions are negotiable. Send your CV before 05/10/30 to www.holomeeting.com/job

b

3 ORGAN DEVELOPER

A highly-qualified bio-scientist is needed for the New York laboratory of FaceChangeBiotech.com. We are looking for someone with a PhD in biotechnology and at least five years of research experience. You will be working on the growth of eyes, noses and ears for our cosmetic surgery programme. Virtual interviews can be arranged by contacting Jake Allen at jkallen@facechangebiotech.com before 17/05/30. Salary depends on qualifications and experience.

c

4 SPACE TOUR GUIDE

Galactic Odyssey Tours offers an exciting opportunity for a **guide** on our new space holidays. You must have a **degree** in astronomy and two years experience in the field of space tourism. You must be a good communicator, take care of passengers and help out with social events. A good knowledge of at least three major languages, IT skills and multi-media is needed and you must pass our medical examination. Basic salary starts at \$100,000. For more information, get in touch with Anne Cosby at acosby@galacticodyssey.co.uk. We look forward to receiving applications before 20/05/30.

2 WIND FARMER

An experienced technician is needed for our North Atlantic offshore wind farm, 200 km south of Reykjavik. You must be an engineering graduate with a pilot's licence and experience of offshore wind farm maintenance. You will be expected to check the installations and carry out repairs. Starting salary is \$300,000 for eleven three-week periods a year. Accommodation is provided at the farm. Closing date for applications: 20/05/30
